

## The Basics of Child Development **YOUNG CHILDREN**

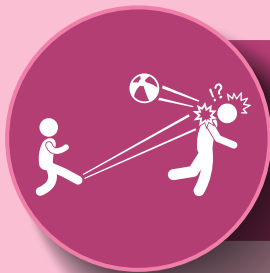

Children between the ages of 3 - 5 do not learn through punishment. They understand better when you teach them with calmness.

Here are 5 tips to help you positively discipline young children:

Model behaviors you would like to see in your children.

Have clear and consistent rules your children can follow.

Know that there are no bad children, just bad behaviour.

Consider mistakes as learning opportunities.

Praise them when they do something good.
